The purpose of this best value RFP is to provide the California State University Office of the Chancellor (CSUCO) with proposals from qualified firms or individuals interested in conducting a comprehensive study to identify shared services/multi-campus collaboration opportunities across the 23 (and the Chancellor’s Office) campuses.

The (CSUCO) is seeking an independent consultant or firm to conduct a comprehensive review and assessment of the CSU for Shared Services and Multi-Campus collaboration opportunities which should include organizational structure, operational functions, key workflow processes, and levels of staffing in support of the goals listed below:

The goal of this review is to span both efficiency and effectiveness including:

- Reducing cost and improved process efficiency
- Improving service and availability
- Leveraging economies of scale
- Increasing compliance
- Ensuring campus specific needs are met
- Leveraging technical knowledge and competencies
- Leverage technology and self-service capabilities
